A twenty minute song service, a musical program by the young people of Kathryn United Church and a book review, George Elliot's *Romola* by the pastor Rev H Gordon were features of the Sunday evening church service and were all much enjoyed and appreciated by the large congregation.

Mr. Crowther filled the duties of chairman and extended the thanks of the club to the musicians and to the lecturer for the very delightful evening. The handicraft exhibited contained the beautiful pieces of batik, hand made lace, darning embroidery, weaving, petit point wood carving, metal and copper pieces, basketry by the hand etc.

A number of exquisite pieces were made by Hungarian women now living in Canada.

Following the lecture the guest artists and committee enjoyed a very pleasant social hour at the home of G. H. Patrick.

Medanah Chas and Fred Harvey entertained on Friday at last week, at a very delightful tea and miscellaneous shower in compliment to the young bride Mrs. Geo. Savage, nee Miss Pauline Garriot, who left this neighborhood a few months ago for her future home at Red Lake, Ont. After a sumptuous repast delightfully served by the hostesses the gifts which were numerous and beautiful, were admitted by the guests. Mrs. I. B. Garriot on behalf of her daughter, most graciously thanked those present for their very kind thoughts of Pauline, and also for the gifts, which were duly prized and well winning their way to the distant bride.

Complimenting Master Stanley Cocks who is leaving the Overton school shortly, Mrs. Fred Schumann entertained at a jolly party for the younger set on Thursday afternoon March 14th. Games and contests provided keen and interesting entertainment for several hours, after which delicious refreshments were served by the hostess. Interest was expressed at the departure from the school of Stanley who is extremely well liked by the school children.

Mr. C. F. Nicholl, manager of the Royal Bank at Strathmore, favored the school children with a most interesting and educational talk on Banking and Life in the Maritime, on Friday of last week.

We are sincerely glad to report that Mr. Berry is making steady progress toward recovery.

Mr. and Mrs. Harwood were guests of Mr. and Mrs. Fred Schumann on Thursday evening.

In spite of the inclemency of the weather Sunday school was well attended Sunday last. Rev. Woods' sermon was extremely well delivered and very much enjoyed by the congregation.

Rev. Woods was a dinner guest at the Harvey home on Sunday afternoon last.

Mr. and Mrs. Norman Schoer had as their guests on Sunday last, Mr. and Mrs. A. Walters and family, Mrs. M. McKenzie and Mr. Allen Graves, all of Calgary.

HERVEY NOTES

The entire neighborhood will be sorry to hear of Francis Vinegar, commonly known as Francis, while visiting a well near Murley, Alta, fell forty feet. The Schober family visited him in the hospital Sunday. Their report of him is dark indeed.

Mrs. Hartt, mother of Mrs. Porteous and Mrs. Win Knapp, took several treatments for rheumatism in Calgary. She has returned recently to her home at Watts, Alta, much improved.

Mr. Priestley, the U. F. A. Whip, seems to be frequently by our doors that the watch dogs merely wag their tails.

The first social event of the Baintree Juveniles club was held at Gordy's hall on Friday, March 22. Bridge, Whist and Dancing were the chief attractions of the evening. Many Baintree residents motored to Rockyton to hear a social credit lecture. It is the chief topic of conversation and everyone seems to have an idea of his own as to how it works.

Miss Mae Longbottom entertained at Bridge when honors were carried off by Mrs. McBeth and Mr. Porteous.

The road conditions around Baintree are gradually improving.

Mr. J. E. May reports that a normal student will practice teach at the local school for a week about Easter.

TO BOOST CAPACITY OF BELL REFINERY

Additional Unit Will Double Volume of Plant.

Immediate construction of additions to the Bell Refinery at Calgary which will boost the capacity of the

plant to 1500 barrels of crude oil daily, doubling the previous capacity, was announced by Floyd Huff, Refinery Manager, recently.

Mr. Huff stated the storage capacity would be increased by a 175,000 gallon tank, making the total storage capacity 1,500,000 gallons, compared with 200,000 gallons when the refinery commenced operations three years ago.

Added equipment will include two

new pipe stills, one of which is a semi-cracker designed for treatment of heavier grades of crude oil.

The Bell Refinery Mr. Huff stated, is receiving deliveries from the Model Spooner, Homestead, Mercury and Oil and Gas Products companies in Turner Valley.

Mr. Huff added that the enlargement of the refinery was due to a satisfactory increase in business during the past year.

CRY HAVOC!

The gale that prevailed in Strathmore district all day Sunday portrayed nature in one of her harshest moods.

In the dust laden wind germs of disease were scattered that in the southern States caused the death of man and beast.

The storm is said to have started in the Gulf of Mexico and spread northward, probably spreading itself in the far north.

In the local district the few motorists who ventured forth found driving difficult, the dust clouds being so thick as to render seeing any distance impossible.

On the Atlantic, ships were at the mercy of high mountainous waves, some not being able to weather the sea and went down to destruction. It was nature in one of her angry moods, and the following stanza applies.

Theoretical Spring

My calendar tells me
We've reached the Spring days,
But something tempest me
To doubt what it says,
If I saw a crocus
Pop up in my yard,
I'd fancy some horus
Deceived the poor bard.

MOMENTOUS QUESTIONS

Momentous questions being weighed in the balance these days.

In Germany Sir John Simon and his colleagues are discussing with their Hitler and party the question of armament, conscripted armies, etc. on the result of which rests some of the most momentous decisions, decisions have ever been called to decide. Therein may rest the Peace or Conflict of Europe.

The report that the visitors were

received with a warm welcome and as well. France is watching, Italy is watching so also is Russia, and awaiting the developments of the Conference.

In Montreal at the same time are gathered the Mayors from coast to coast to discuss problems of relief, unemployment, work programmes, etc.

In each case the lives and well being of humanity is the prize or pawn. Whether we believe it is not merely "thoughtful thinking" that inclines one to feel, that profiteers, munition and gas manufacturers to the contrary, the combined progressive, pacifist sense judgment of the people will exert a power strong enough to prove to all the utter futility of war.

THE WEEK IN THE LEGISLATURE

Edmonton, Alta.—The routine of legislative business in the Alberta House was broken this week by the visit of Their Excellencies the Earl and Countess of Beaulieu to the capital, Friday. They were given an official welcome by both the provincial government and the municipality and spent the day in a round of formal engagements that kept them busy from the time they left their special cars at the C.N.R. depot until they left at night.

A public reception was accorded the distinguished visitors at the legislative buildings in the afternoon, when addresses were greeted from the province by Premier R.G. Reid, and the city of Edmonton by Mayor Clarke.

The galleries of the house were crowded with spectators and the seats on the floor were occupied by the members of the legislature and their friends. The affair was a colorful one, with flowers and foliage plants giving a gala effect to the chamber and the great rounds of the buildings.

Following the addresses and the replies by the governor-general, the Countess of Beaulieu and Lady Munsony were presented with bouquets of roses in a pretty ceremony in which the small daughter of Hon. J.H. Love, provincial treasurer, performed the task of presenting the flowers with a captivating sweetness of childish manner that won all hearts and a kiss from both the Earl and Countess.

This was the farewell visit of Their Excellencies to the west as at their term of office ends this year and they return to their home in England, and their was no doubt about the warmness of their welcome and the good wishes for the future expressed to them.

Wednesday the debate on the budget which had shown signs of weakening for a day or two, came to an end and the house got down to the more serious business of the session by going into committee to consider supplies. The estimates of the Attorney-General's department and of the agriculture department were passed with comparatively little discussion. The only incident of a seriously controversial nature arose when W.H. Howson, Liberal Leader, moved that the salary of the Attorney-General be reduced to \$5000 a year. The motion was rejected by the government. It was in line with Mr. Howson's criticism of the government's expenditures earlier in the session.

An amusing incident that had a more serious aspect at first was introduced when A.M. Mitchell, Liberal, renewed some severe criticisms of Mr. Maclean, the C.P.A. candidate for Pembina, in which he had said the opposition party was practicing political tag-team of the worst kind. Mr. Mitchell declared he would not take that from any man, and challenged the Pembina member to repeat his charges, outside.

It sounded almost as if Mr. Mitchell was threatening hot festive encounter against the Pembina member, but that was not the case, as he later explained. What he meant was that he wished the charges were made outside the house where protection would not be enjoyed as it is in the house from suitable reply.

There is as yet no indication as to whether Mr. W. Aberhart, will accept the invitation of the government to appear before a committee of the house and explain his plan for social credit. He seems to be unwilling to meet the possible criticisms and arguments of the members, and is reported to be taking advice from his followers as to what he should do. In the meantime the government

and all parties in the legislature are seeking his opinion with interest. It is felt that his explanation of his plan would help to clear the air of any misunderstanding of it that may exist, and would also put the members of the legislature in a better position to decide on any possible economic policy for the future.

Healths are heard on all hands outside the legislative buildings as to the practical value of any social credit plan unless it was one that would be adopted by the other provinces. One argument is that Alberta cannot afford to isolate herself from the rest of the dominion in a scheme of some reform that would not fit in with that in all other parts of the country. The exposure of social credit as only another more or less

CARLELAND

Under the auspices of the Ladies
Aid a tea was held at the home of
Mrs. H. Gardner on Thursday. Owing
to the stormy weather not many were
present but the exchequer was re-
plenished with a tidy sum consider-
ing the day.

The annual U. F. A. dance was
held in the community hall on Fri-
day the 15th, when decorations such as
befitted the seventeenth of Ireland
gilded the building. This is a popular
affair and a good turn out enjoyed re-
newal of acquaintances and the fas-
cinating whirl.

The home of Mr. and Mrs. Andrew
Ostrum was the scene of a pretty
wedding on Thursday, the 21st, when
at three o'clock, their daughter, Miss
Grace Brita, was united in marriage
with Max Maynard Phillips. The bride
was given away by her father, who
escorted her to the altar, to the strains
of the Wedding March, played by
Miss Lillian Ostrum, the bride's sis-
ter. Miss Margaret Ostrum was the
bridesmaid and Mr. Edward Dalton
the best man.

The bride wore a dress of pink
lace over pink silk and carried a bou-
quet of roses to match. Her travel-
ling costume was a green ensemble.
The bridesmaid wore floral silk crepe
de chene.

During the signing of the register
Mrs. Porter sang "I Love You Truly"
accompanied by Mrs. Riley Bishop.

The official minister was Rev. F.
Forster.

The occasion was also the forty
seventh anniversary of the marriage
of the parents of the bridegroom, Mr.
and Mrs. C. A. Phillips, who were also
the subjects of congratulations and
good wishes.
